

FRINGE PRESS RELEASE : COMEDY DRAMA

FAT CAT PRODUCTIONS presents

BANGERS & MASH

A hip, sexy and hilarious Romantic Comedy

THE BUZZ

International stars Kate Smith and Drew Fairley have hit their prime and will deliver thigh slapping comedic genius to Edinburgh this Fringe Festival with BANGERS AND MASH their finely honed comic drama masterpiece.

THE SHOW

Ever thought your flatmate is rather dishy? Ever found yourself lingering over their laundry? Ever laughed too hard at their jokes? Ever brushed past them in the hallway and felt an inappropriate tingle? Ever squealed their name during random sex? Bangers and Mash is the unofficial diary of flatmate fantasies. A frank and hilarious little crowd pleaser filled with deftly delivered one-liners, delicious duets, dazzling choreography and more on-stage chemistry than Torvill and Dean.

“Quirky and developed as a Sydney Seinfeld” Bangers and Mash sold-out in the USA and Australia.

A fastidious fashionista forgets her frail feelings for a fine future and flirts with her ferociously fornicating flatmate. Is she forgoing friendship for forbidden fantasies? Funnily enough the frisky fellow, who fancies floozies, frequently finds his fraught flat mate fundamentally fascinating. Has he found his fatal flaw? Find out. She thinks love is a Dior bathrobe, he thinks love is remembering a woman’s name in the morning. Will they break the Golden Rule of share accommodation and sleep together? Watch as they grapple with that certain chemistry forbidden between flat mates.

THE ACTORS

Kate and Drew are regulars on the international Fringe circuit (Drew Fairley : Golden Mullet, Philadelphia Fringe Festival and Mongrel, New York Fringe Award, Kate Smith : Kate and Julia, Arena Foxtel and Wanderlust, Edinburgh Fringe Festival). Don’t miss their long awaited return to Edinburgh.
