Presents **PAINTERS**
Smirnoff underbelly, Big Belly theatre Venue 61

Prepare yourself for the rollercoaster ride of your life! This explosive show will have you wowing at amazing stunts, rolling around with laughter at three wacky workmates and keep you on the edge of your seats as their stories unfold.

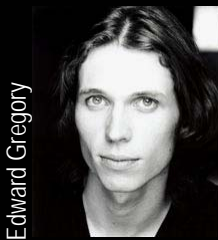

But how can all this happen on a boring building site? Watching three men at work in their seemingly mundane jobs may seem boring. However, these are no ordinary PAINTERS. Witness extreme stunts defying the laws of gravity and be bombarded by their rhythms as their day soon becomes far from mundane. You'll have to join in the fun with whole audience participation and one lucky person will be invited to 'fight' one of the painters. Are you ready for the challenge? Guaranteed to leave you smiling.

For the first time you can see dance, acrobatics, rhythm, song, comedy, audience participation, clowning AND great acting all in one show. This all round spectacle cannot be missed if you like having fun. A show for all the family.

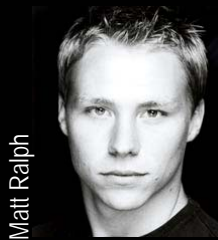

This new exciting company was created after the three actors emerged from the Contemporary Theatre course at East 15 acting school. After working with each other for three years the cast are developing their own 'physical theatre' style.

- A real Family show
- Where scaffolding becomes a huge climbing frame
- From a new, young and exciting theatre company
- Massive physical theatre with stunts and explosive dance routines
- This cannot be missed. Stunning. This show will take the world by storm

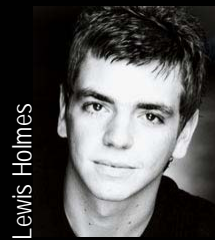

.... Painters even has a song!
